A CLOSE CALL

Terrible Experience of a Diver at the Waterworks Crib in Chicago.

CHICAGO, Jan. 23.-A diver named Scully was employed at the 2-mile crib to go below the surface of the lake and remove the ice from the gates through which water is pumped into the tunnel. The suction from the pumps was so great as to draw him into the port-hole. A portion of his suit caught, and prevented him from being drawn bodily into the tunnel. His comrades above could not release him and word of his situation was telephoned ashore. Immediately every engine at the various pumping works was stopped thus causing the suction to cease, when Scully was pulled to the surface after having remained in his perilous position for an hour and a half. He was unconscious, but was soon restored. He felt no bad effect of his struggle with death save some bruises saused by the ice crushing him against the top of the port-hole.

SCHAEFER WINS. Slosson Defeated at Balk-Line Billiards

New York, Jan. 23.-A large crowd was in attendance at the Lenox lyceum Friday night to witness the match at balk-line billiards between Jacob Schnefer and George Slosson. The stakes were \$1,000 aside and the battle was for the balk-line championship. Pincus Levy, of Philadelphia, was the referee, and Budd Schofield was the marker. The game began at 8:20, Schaefer winning the lead. It was not ended until after midnight, lasting three hours and forty-four minutes. Thirty-four innings were played. Schaefer won by 208 points, the score standing: Schaefer, 800; Slosson, 593 Schaefer's average, 28 18-84; Slosson's average, 17 51-33. Schaefer's best runs, 155, 191; Slossson's best runs, 119, 65.

Including Friday night's match Schaefer and Slosson have met thirtywon seventeen times and Slosson seventeen, though Schaefer claims that the games won by Slosson at St. Louis December 5, 1885, and at St. Paul October 10, 1886, were exhibitions only. The men first met in October, 1873, at Indianapolis. Here is the summary of their games:

A Rock Island Train Ditched at Blue Island.

MANY LIVES WERE IN PERIL

One Man Dies of Injuries Received - Several Others Hurt-The Wrecked Cars Burned.

CHICAGO, Jan. 23.—One man was cilled and other passengers on the Des Moines and Council Bluffs express over the Rock Island road had a narrow escape from being roasted to death in wreck at Blue Island about 11 o'clock Friday night. The train left Chicago at 10:30 o'clock and was ditched 15 miles east of Blue Island by the spreading of a rail. Besider the one man killed two passengers were seriously injured and several others were more or less bruised and cut. Every one of the coaches was destroyed by fire. The fol-lowing is the list of killed and wounded: George Patton, Pullman, Hl., skull fractured, died at 10:50 a. m.; Mrs. Ray, of Blue Island, arm broken and head cut; Edith Kingsbury, 12 years old, Chicago, scalp wound and back hurt; unknown woman, en route to Iowa City, scalp wounds and arm

How It Occurred. The train consisted of seven cars and the locomotive. The run from this city to Blue Island is over a perfectly level, hard roadbed, raised perhaps feet, with ditches on either side. There were only about fifty passengers in the train at the time and all had retired for the night. The train was running about 40 miles an hour when the front wheels of the baggage car attached to the tender of the engine left the track. Fortunately they kept on the inside of the outside rail until the train had traversed fully 200 yards, when suddenly a rail broke and the heavy baggage car plunged outside, down the slight embankment, up the incline, and through the fence into the field on the other side 30 feet from the tracks. The breaking of the rail loosened the others and the remaining cars, following the baggage car, pushed the rails apart for several hundred feet and then turned over in the ditch at the west of the track.

The Care Burned. The shock was terrible, and to add to the horrors of the situation the smoking car took fire. The conductor and train hands at once began to get the passagers out with the result that all escaped death when some might have been burned. All the cars were

destroyed. The Loss. Only fifteen days ago new steel rails were laid at the place of the accident, and why the tracks should spread is a mystery. An investigation will be held. The loss will reach \$50,000, the two sleepers alone being valued at \$10 .-

DO NOT WANT EGAN

The Chillans Will Request That He be Recalled.

HE IS TOO AMERICAN TO SUIT

Reasons For Her Action-She is Again Informed That an Apology Must be Made.

WASHINGTON, Jan. 23.- The recall of Minister Egan will be formally reques ted of Secretary Blaine Friday by Minister Montt at the head of the Chilian legation in this city. It is said the Chilian government base their request for the recall of Mr. Egan upon the allegations that the American minister has been guilty of making reports to Washington that were deliberately false, and of engaging in intrigues for the purpose of creating trouble between the United States and Chili. May Precipitate a Crisis.

The action on the part of the Chilian government, which is the first official ication of their dissatisfaction with Minister Egan, will have a tendency o precipitate a crisis in the relations the two countries. It is taken in official circles to indicate that Chili does not intend to make reparation or apology for the Baltimore incident un-less it can attach conditions which will preserve the pride of the government of that country and enable it to retain the respect and support of the people, who would resent an unqualified spol-

Another reason which, it is said, was alleged for asking for Mr. Egan's recall was the note sent to the Chilian government by him October 26, which Senor Matta designated as aggressive in design and violent in language. This was the first official notice taken by Mr. Egan of the Baltimore affair, and it was prepared by express in-structions of Assistant Secretary Wharton under date of October 28. This letter of instructions was the one gener ally attributed to President Harrison, and Mr. Egan's note to Senor Matta was an almost exact reproduction of the terms employed in it. This in-cident, under the conditions prevailing. comes perilonsly near a suspension of communication between the two countries, and the developments of the next day or two will be awaited with much interest.

When the cabinet met Friday morning Minister Moutt had not got to the point of making this request officially. so there was no occasion to consider it. Secretary Blaine stated briefly the substance of the ultimatum which had been sent for Minister Egan to present to Foreign Minister Pereira It was approved, and after a very brief discussion of the president's message the cabinet adjourned. The belief of all of President Harrison's official family was that there woul' be no war, because the formal presentation of the ultimatum would bring the needed reply from Chili. It is an official notice that there is no further basis for diplomatic correspondence or negotiations between the two countries until Chili makes a satisfactory reply.

The case of the United States against Chili is closed. While peace talk based on intangible conditions fills the air the ultimatum has gone to Minister Egan which will shortly bring a declaration from Chili that will mean either peace or war, just as that country chooses. The ultimatum went without the shadow of a difference of opinion in President Harrison's cabinet Minister Egan is instructed to notify the Chilian government that all its explanations heretofore have been unsatisfactory and that the United States now de Matta's insulting circular and complete reparation for the Baltimore outrage.
